

Hingham Kitchen and Bath Design

Our Proven Process

Every collaboration with us begins with a call or visit to our showroom. We can be easily reached at 781.749.4200 or KandB@hinghamlumber.com

Step 8

Final Walk Through

To ensure you're happy with your dream project, we visit to confirm everything is working and snap photos to share with the world.

Step 1

Discovery Meeting

Your dream project begins with an informal discussion to gather information about your needs and goals.

Step 2

Initial Design & Agreement

You and your designer narrow down your cabinets, door styles, countertops, and hardware. Agreement is finalized, retainer collected, and home visit scheduled.

Step 7

Installation

Your installer brings your dream project to life! Duration and timeline depend on your project's complexity.

Step 3

Your Home Visit

Preliminary measurements are taken, paying particular attention to maximize the efficiency of your space specifically for your family.

Step 6

Final Measure

Your installer and designer do a final measure to ensure your dream project runs smoothly with all design details confirmed.

Step 5

Design is Finalized

Upon your design approval, we present a formal agreement requiring your signature and a 50% deposit to proceed.

Step 4

Design Process

Your dream project is designed! Requires 5-7 business days to ensure your design is just right.*

*Designer will advise if additional time req'd due to complexity of project.

Building Dream Projects Since 1947

Our knowledge and expertise will bring your dream project to life!
