

# Kitchen & Bath Proven Process

Our knowledge & expertise will bring your dream project to life! It all begins with an informal discussion to gather information about your needs & goals. We will visit your home, measure, and install. Our designers will guide you through the design process from start to finish.

## Discovery

Visit our showroom, meet with an experienced designer & review product offerings. Let's see what fits your needs best.

## Design

If you have an architectural plan or your own rough measurements, we can begin creating your design & initial estimate. First three consultations are complimentary!

---

## *Get Inspired For Your Kitchen Or Bath Project*

---

## Field Measure

A *retainer*\* is required for an onsite visit & measure. Next, we will continue meeting to create your perfect design, with our accurate measurements & a better understanding of your overall space.

## Finalize Your Design

Time to review your finished drawings & options. Your signature of the final design & deposit will release floor plans & elevations to you, your contractor and/or HLC installer.

**\*Retainer = \$500.00 & is applied to the purchase of kitchen.**

## Installation

If you require installation, we can provide a quote. Plumbing/Electrical must be done by others. Before ordering, our installer will do one final walk through ensuring each & every detail is accounted for.

## Completion

To ensure you are happy with your dream project please consider a visit from our staff to collect images of your finished job for our portfolio!
